

# VACANCY

## MSR TECHNICIAN: MINING

Reutech Radar Systems is a radar development company located in Stellenbosch. We develop radar systems and subsystems for the defence, security and mining industries, both locally and internationally.

Reutech Mining is seeking a highly motivated and results-oriented MSR Technician to join our dynamic team of technicians. In this crucial role, you will play a vital part in ensuring the safe, efficient, and reliable operations of our mining radars by performing remarkable maintenance, service, and repair tasks.

### Main Responsibilities:

- Technical support of Reutech Mining equipment
- Safety representative for the company on mines
- Service and repair of Reutech Mining systems
- Calibration and testing of Reutech Mining systems
- Provide operator training to new and existing Mining clients
- Travel within Southern Africa and possible further international travel as needed
- Commissioning of Reutech Mining systems
- Management of spares
- Contractor pack management for assigned mines
- Standby duties for mobilization to service and repair any radar
- Underground visit to mines including commissioning and maintenance work
- Call center duties, which include call center support and standby duties
- Maintain high levels of support to the Reutech Mining client base
- Maintain effective client relations with stake holder on site
- Deliver effective technical support and maintenance functions
- Deliver effective commissioning and training functions
- Sustain operational efficiency and effectiveness

### Qualifications & Skills requirements:

- Technical diploma or Technical higher diploma (Electrical / Electronic technician)
- 4 years relevant working experience
- Ability to read and interpret electrical schematics and systems to facilitate high level fault finding
- Wireless Network setup
- High level of Local Area Network (LAN) knowledge
- High level of Linux and Windows operating system knowledge
- Radar system knowledge would be advantageous
- Diesel Generator experience advantageous
- Fluent in English
- Ability to work in a team as well as alone
- Good interpersonal skills to relate to clients and team members
- Proficient in MS Office packages
- Must be physically fit and able to travel and perform duties under mine sit conditions and healthy and safety requirements
- Willing and able to travel locally (on a daily basis) as well as abroad
- Valid South African Drivers License (Minimum EB)

Should you be interested and meet the requirements, please submit your application to Clio Visser at [cliov@reutech.co.za](mailto:cliov@reutech.co.za) or [careers@reutech.co.za](mailto:careers@reutech.co.za). If you do not receive any feedback within 2 weeks of submitting your application, please consider your application unsuccessful. The company has the right to cancel or amend the vacancy as advertised.
